

TRANSFORM: AUTO

POWERED BY TRIO

Transform: Auto is a program aimed at driving the adoption of renewable energy across the automotive supply chain. Direct (Tier 1) suppliers to program sponsors Ford Motor Company, General Motors, Honda, Magna, and Toyota, and members of the Suppliers Partnership for the Environment, are eligible to participate for free. The program is facilitated by the renewable energy and sustainability experts at Trio.

How Transform:Auto Works

Renewable Energy Solutions in North America

Transform: Auto helps suppliers learn about and procure renewable energy through:
